

# Policy – Primary student use of mobile phones and personal devices

## Blackwood Primary School Mission Statement

*An IB school valuing, supporting and inspiring a community of lifelong learners*

### Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

### Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

### Storage of personal devices

Students who require their mobile device to be at school for the purposes outlined in the above statement must have a parent signed proforma, provided by the school, stating that they are required to have their device. This must be completed and returned to the class teacher before students bring their devices to school. Students will then be required to hand their device in at the beginning of each day and collect it at the end of the day. The school takes no responsibility for lost or damaged devices. All devices will be stored in a locked space within the classroom.

## If the student does not comply

If the student does not comply with the policy:

- In the first instance they will be asked to ensure they hand their device to the teacher at the beginning of the day
- In the second instance they will be required to hand their device in to the front office upon arrival at school and parents will be contacted.
- Any further occurrences may result in the device being confiscated, further parent contact and an agreed plan of action determined prior to the student bringing their device to school again.

## Roles and responsibilities
