

- Real time one on one communication with your school
- Use tags to filter and see the stories you are interested in
- The only 100% secure App on the market
- Stay informed and engaged with a dynamic news feed
- Important forms and contact details all in one location
- Translated to over 90 languages and more!

Getting started is easy. Let's do it now!

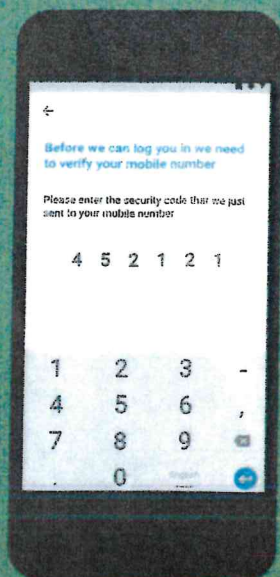

STEP 1

Download the School Star App on your Android or iPhone by searching the App/Google Play store, or scan the QR code below. Launch the App and select the Register button.

STEP 2

Enter your mobile number to find schools associated with your account and press continue.

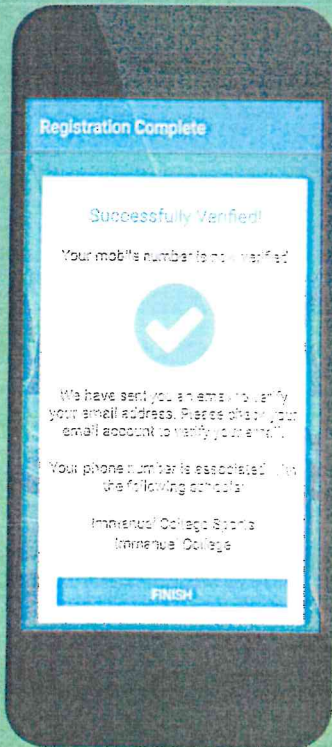

STEP 3

Before the system can log you in, you need to verify your mobile number with a 6 digit registration code that will be sent to you via SMS.

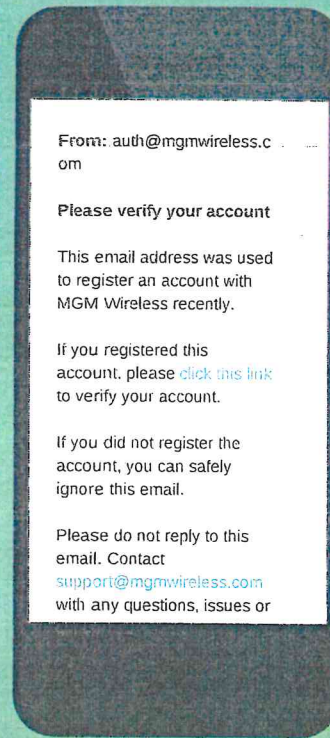

STEP 4

Complete the registration form details and press Create Account.

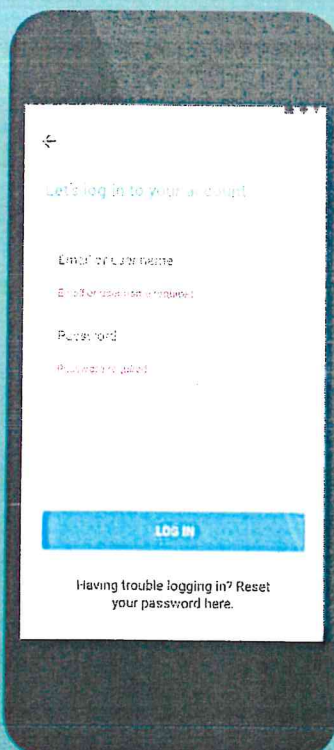

STEP 5

Once your mobile details are successfully verified, a verification email will be sent for confirmation.

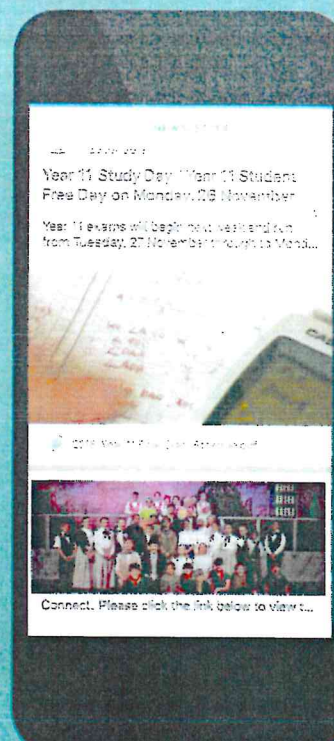

STEP 6

Verify your email address by clicking the verification link in the account confirmation email. You will then be re-directed to a confirmation screen.

STEP 7

Proceed to log into your new School Star account by entering your verified contact details.

STEP 8

You're all set and ready to go!

Use tags to filter stories only relevant to you, and make sure you don't miss out by turning your notifications on.
